
HITRUST Risk-based, 2-year (r2) Certification Press Release

NetClaim Solutions Achieves HITRUST Risk-based, 2-year Certification Demonstrating the Highest Level of Information Protection Assurance:

HITRUST Risk-based, 2-year (r2) Certification verifies that NetClaim Solutions is committed to strong cybersecurity and meeting key regulations to protect sensitive data.

San Juan, PR, August 24, 2023 – NetClaim Solutions is a fully Puerto Rican company that has been working with the administration of dental benefits of most medical plans in Puerto Rico for over fifteen years. NetClaim has become the trusted resource for dentists and payers (health insurance companies) because we believe in what our clients do and we are with them every step of the way! NetClaim, today announced that our in-scope technology systems been certified by HITRUST for information security.

HITRUST Risk-based, 2-year (r2) Certified status demonstrates that the organization’s in-scope technology systems met demanding regulatory compliance and industry-defined requirements and are appropriately managing risk. This achievement places NetClaim in an elite group of organizations worldwide that have earned this certification. By including federal and state regulations, standards, and frameworks, and incorporating a risk-based approach, the HITRUST Assurance Program helps organizations address security and data protection challenges through a comprehensive and flexible framework of prescriptive and scalable security controls.

“Organizations like ours are continually under pressure to address current and emerging threats and meet complex compliance, information protection, and privacy requirements,” said Severiano Lopez CEO and Founder at NetClaim Solutions. “We are pleased to demonstrate to our customers the highest standards for data protection and information security by achieving the rigorous HITRUST Risk-based, 2-year Certification.”

“The HITRUST Assurance Program is rigorous and reliable because of the comprehensiveness of control requirements, depth of review, and consistency of oversight,” said Bimal Sheth, Executive Vice President, Standards Development & Assurance Operations, HITRUST. “HITRUST Risk-based, 2-year (r2) Certification demonstrates Inmediata is taking the most proactive approach to cybersecurity, data protection, and risk management.”
